Re: Harco Property  
Wilton, CT

Dear Ms. Bruno:

I am in receipt of Mary Ellen Stanton's preliminary investigative report on the above site. Thank you for your assistance.

In our October 1, 1991 telephone conversation, you requested that I notify you of any other sites in the area that may have received wastes from the Gilbert & Bennett facility. My supervisor relayed your request at a recent meeting for Senior staff in our division and received the enclosed memo in response. The memo was written by John Carroll, Supervising Environmental Analyst of our Property Transfer program.

To me, the names and circumstances described in the memo seem to be referring to the Harco Property. But it's possible the same parties were interested in purchasing another piece of property as well.

If you have any questions regarding this matter, please call me at (203) 566-7202.

Sincerely,

A handwritten signature in cursive script, reading "Melissa J. Blais".

MEMORANDUM

TO: Doug Zimmerman

FROM: John Carroll *JBC*

DATE: November 27, 1991

On May 19, 1989 I met with Patricia and Thomas King and their attorney Dominick F. Burke. The Kings had purchased property in Wilton, I'm not sure of the location, where sludge from Gilbert and Bennett had been disposed. The Kings had purchased the property for the purpose of developing for residential use and were concerned about health impacts from the sludge. I instructed them to hire a consultant and perform a site investigation to determine the presence of lead and any other hazardous waste constituents. I never heard back from them. The best information I have is an address for the attorney Dominick Burke who could be contacted at 1032 Post Road, Fairfield, CT 06030. His number is 259-7079.
